Bristow, Kellar, Shaw, Weston, McDonald Elected To School Board; Small Number Turns Out

Mrs. Louis Bristow, Dolph Kellar, Welton E. Shaw, E. C. Weston and Mrs. C. C. McDonald were elected Tuesday to serve as members of the Hancock County school board.

The total vote cast in this election, 2,333, was close to one-third of the registered qualified voters in the county, according to the Clerk of Courts office.

The two ladies and three men who will compose the board will receive \$5 for each meeting. They are permitted 660 meetings a year. They also will receive six cents a mile for traveling they do in connection with the job.

The duties of the board take in hiring of principals and teachers and planning the general policy of the school.

The largest majority in the election was carried by Mrs. C.

C. McDonald over her opponent, A. Gordon Courrage, Sr., in Beat Five. She lacked 34 votes of defeating his three to one.

In the nine boxes in Beat Five Mrs. McDonald carried all but

Clermont Harbor and Lakeshore. The closest race of the day was in Beat Three between Louis C. Necaise and Welton E. Shaw.

Their returns in the Standard and Crane Creek boxes were identical. In the Dedeaux precinct, which was carried by Ray Koenenn, Shaw won the election over Necaise, receiving 11 votes to his eight, for a difference of three votes.

In Beat Two the voting precincts were opened and the people cast 50 votes for Dolph Kellar, the only candidate in that beat. The election was held in this beat only on the pretense of any votes being written in.

Deputy Peterson Picks Up Two Runaway Boys

While crossing the bridge Sunday night, Deputy Sheriff Sam Peterson stopped to ask two kids, who were hitchhiking, where they were going. After he questioned them for a few minutes he began to search them.

"On one of them I found a dagger, so I brought them into the Bay for further questioning. After about an hour and a half one of the boys told me that they had run away from home. This boy, whose real name was Joe Moore, had at first told me that his name was Williams, that he and the other boy, Billy Simpkins are from Mobile," he said.

Peterson added that while searching the boys again when he arrived in the Bay he found another home made dagger on Simpkins.

Both of the boys, who were 16 years old, were held in custody until their parents arrived to take them home.

Peterson found out that Moore had left home two weeks ago and had traveled to New Orleans. Saturday he returned to Mobile and met Simpkins. The two of them started out in an old model T and began walking when they ran out of gas.

A COACH'S THOUGHT
On these Friday nights, they're just around the corner in victory in the future. Or will it be a moment?

Many people think a coach has an easy job. They think that a coach's work begins with the start of the season and ends at the finish of the season. But it's not that way.

I interviewed Coach Ray Day at St. Stanislaus on this subject.

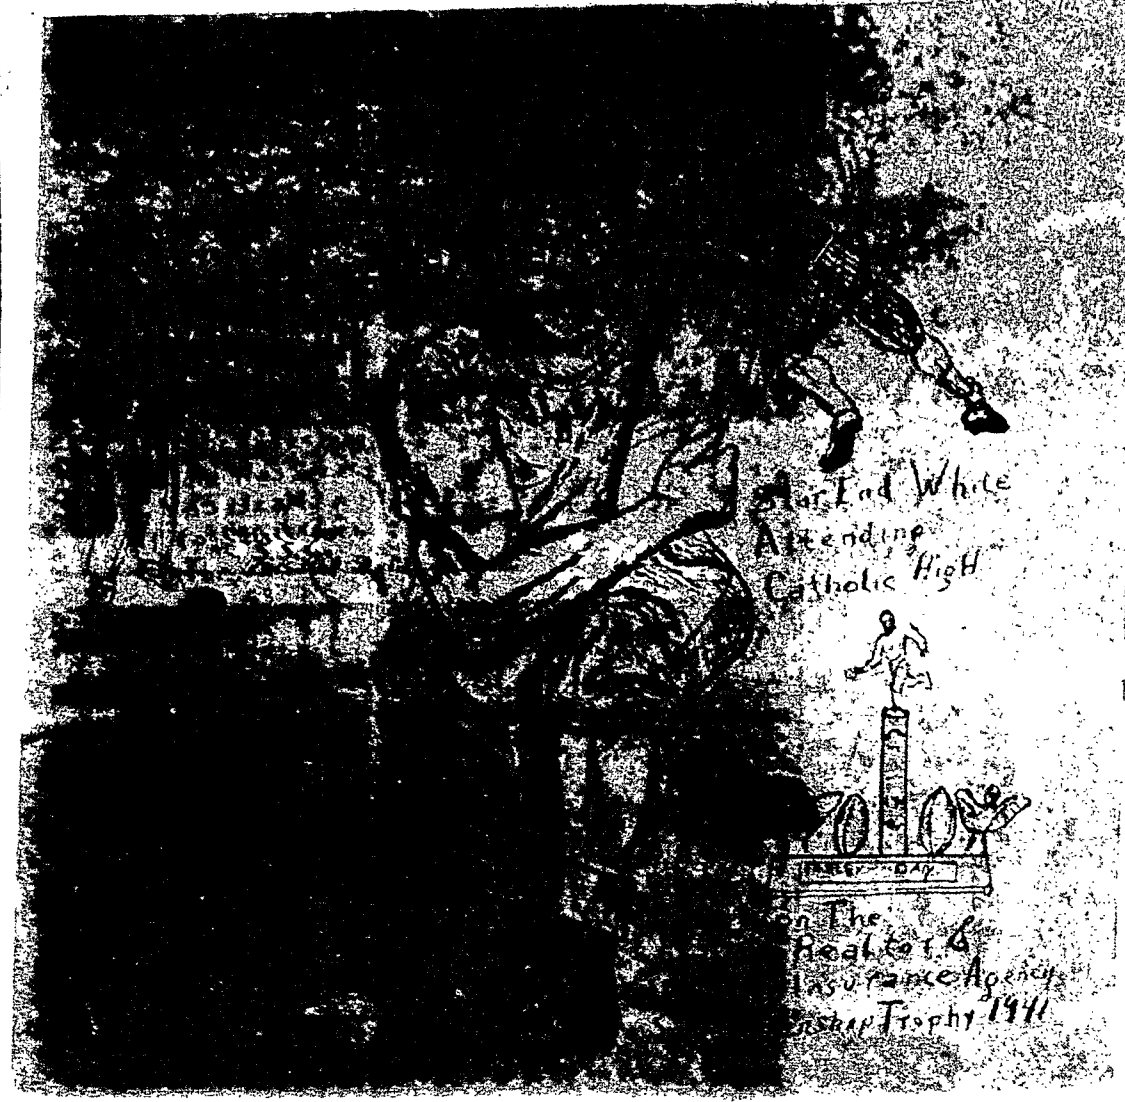

He said, "First we have spring training. We are only allowed four weeks to get our boys in shape and try to fit them to their best positions for the coming season. During the summer months I attend as many coaching schools

as the time will allow me. This year I am planning on attending schools in Florida, Louisiana and Texas."

"After spring training ends I have to gather my plays together for the season. I adopt my plans to the material. This practice is flexible. If some boys do not return the following year all that is necessary is to change a few plays."

Coaches have worries in their work as men do in any other profession. They must think of prospects for the next year. How do they compare to the teams they will have to play? What average in weights will their team compile? And many others.

As Coach Day looks ahead to September, he says, "I believe our

team will be strong from tackle to tackle and we will have the best depth in these positions than we have had for a couple of years. At ends we have a few returning lettermen but they are light and lack experience. Our backfield will also be light. As it stands now we do not have a man who will weigh as much as our backfield averaged last year. We could also use a power runner who can get those few yards when we need them, and a climax runner who can go for the long distance.

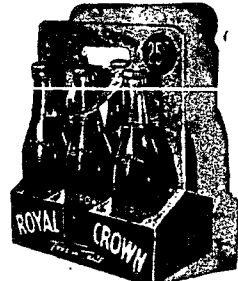

"Those Friday nights are staring me in the face. They will be here pretty soon. But I think we will shape up pretty good."

Coach Day, who was end coach at Catholic High and head coach at Menard, La., before coming to Stanislaus, in comparing football in the two states said, "Up until last year when Louisiana did not have the rule which allows a boy to play only four years of high school ball, I believe they had better teams. I say this because a coach could have an experienced nucleus to build his team around

without this rule. Mississippi enforced this law, and the coaches were at a disadvantage as far as this was concerned. But now that Louisiana has this rule I would say that Mississippi is on a par with them in high school football."

Oh, I forgot to mention Coach Day is also track coach at Stanislaus in his off season if you did not already know it. He believes that if a consensus was made of coaches it would show that track does more to help a football player than other sports.

So you see, coaching is a full time job. Not just a four month tenure.

Stanislaus Loses To Pass High

St. Stanislaus' baseball team lost to Pass Christian High Tuesday, 13-7.

Billy Scarborough was the losing pitcher for the local team allowing 8 hits and walked eight men.

The Pass jumped to an early lead mixing a couple of base hits with a few errors on the part of the Stanislaus infield and never relinquished it.

Two Rockchaws in scoring position, were thrown out after being waved on to try for the extra base. A base hit followed both of these futile attempts.

Pitcher Scarborough broke the jinx that claims pitchers can't hit when he slammed a home-run over the left field fence with one man on.

St. Stanislaus will play its next game Saturday at its stadium, when it meets Moss Point.

In the juniors' game Kiln won over St. Rose. The final score being 9-8. Leland Mitchell was the winning pitcher of this encounter.

Kiln will play host to the Bay St. Louis seniors Sunday. The first game will start at 1:30 p. m. at the Kiln Youth Center diamond.

A. J. Burke, St. Stanislaus star trackman, is representing his school in the state track meet at Clinton today. He qualified by taking second place in the broad jump at the regional meet last week in Brookhaven.

Burke scored all the points for Stanislaus in this meet, finishing fourth in both the discus and the 120 yard high hurdles.

Jose Dianous placed sixth in the low hurdles for the Rockchaws and Birch Wilbert finished sixth in the mile and seventh in the high jump.

Burke, a senior, has led the Stanislaus in this meet, finishing the season. In the district he was high point man with 13 points. Last Tuesday he led them to victory in a quadrangular meet, with two first places and a third place.

In the regional meet Stanislaus was 13th out of 23 teams. They would have placed higher but the other teams entered a girls' team and the total points were added of both.

Buyers' Mart

Here are eight suggestions for Mother's Day gifts chosen from a wide selection in the stores around town.

The first two we found at Engman's where the specialty is old fashioned niceties. Here are beautiful handkerchiefs which cost from 29 cents for white cottons edged in lace, to \$1.25 for embroidered linens.

Engman's also has the long sleeved square yoked old fashioned nightgowns which are dear to the hearts of so many mothers (and daughters, too.) They cost \$4.99 for cotton seersucker with trimming around the neck and sleeves.

At Mauffray's you may choose from a large supply of hosiery costing from \$1.35 a pair to \$1.65 a pair.

Something pretty special in the way of a Mother's Day gift from Mauffray's would be a dozen linen napkins, costing \$7.08.

At Sunshine's gift shop you can find a very handy pair of chrome table tongs - good for handling sugar cubes, ice, corn and such. These are \$1.95.

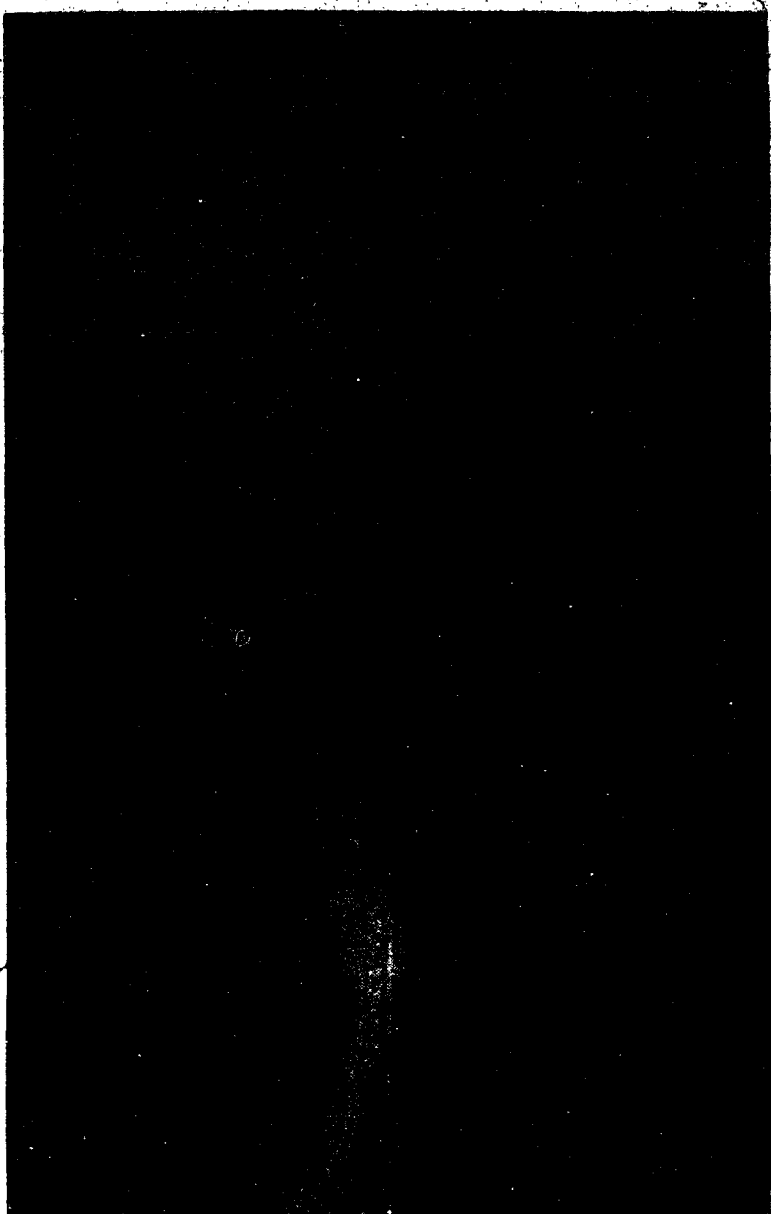

The same store has a decorative painted container to be used for watering flowers. The price is \$1.98.

Dickson's Drug Store has a set of aluminum tumblers for \$6.49. In addition to being colorful and unbreakable, the spun metal is a fine container for cool drinks, helping hold the chill longer than glass.

A Hazel Bishop lipstick due in a small case is another gift from Dickson's. This costs \$1.21 with tax.

The guests were entertained with guitar music and singing at the party, and attended a show at the close of the evening.

—Bea Smith, daughter of Dr. and Mrs. A. P. Smith, spent the past weekend in Memphis with her brother and sister-in-law.

ENGAGED—Mr. and Mrs. F. P. Mooney announces the engagement of their daughter, Joan Francis, to Arthur Shriver, son of Mr. and Mrs. Arthur Shriver of New Orleans. The marriage will be held in Our Lady of the Gulf Church in Bay St. Louis on Saturday, June 13th, at 11 a. m. Joan graduated from St. Joseph Academy in 1951.

Bay St. Louis Boy's Camp

We, the undersigned Committee, have organized a Boy's Camp for boys who are unable to go to camp away from home.

The Board of Supervisors and Rural Superintendent of Education have granted us the privilege of having a part of 16 Section School Land, just beyond Gulfside, for a Camp and picnic ground.

We are asking the Citizens of Bay St. Louis for help to get his camp in force, as we feel it will be a great benefit to the City of Bay St. Louis to have these boys in camp on weekends. We will be grateful for any amount donated to the camp as there will be lots of things to be bought. All donations will be published in local papers.

With five little children, you would think she just could not find time for anything else but she works for the League of Wo- men Voters and does a great deal of charity work for St. Claire's Church.

Her friends admire her good housekeeping and expert cooking and love her for her easy going good nature and her always sin- cere hospitality whether you drop in for a coke or are a specially invited guest.

Betsy Doyle was Elizabeth Bren- son of New Orleans and she and Donald have a home in New Or- leans and spend their summers at their home on the beach in Waveland. They have seven chil- dren; Beth, Donald, Jr., Cynthia, Bronson, Dickie, David and Louise, the baby.

Betsy attended Manhattanville College and graduated from New- comb College where she was a Kappa Kappa Gamma. She is a member of the New Orleans Ju- nior League. She made her debut in 1939-40, was chosen queen of Orlis and was in the courts of Twelfth Night, Athenians and Mystery.

Betsy says here is a lot of comedy in the house with the boys in leading roles. Dennis does the snappy repartee, Bronson and Dickie excel in Dean Martin and Jerry Lewis slapstick and David is the Dennis the Menace of the family.

When they come over for the summer, Donald, who is a lawyer, commutes to his office in New Or- leans but on the week ends, they have lots of fun whether they go to the Bay-Waveland Yacht Club or just go fishing and crabbing with ALL the family.

Maurine Jones started her ac- tive life in Washington Parish,

La. Today, as Mrs. Kenneth Whit- field, she still leads an active life in Bay St. Louis, Miss. Kenneth is the owner of the Fahy Funer- al Home. Their children are Ross Elliot, 6, Monica Jean, 4½ and John Scott, 3½.

Maurine attended Southeastern College at Hammond, La., and took an M. A. degree at Tulane University, in Social Sciences. She was chosen as a Fellow of the Danford Foundation and sent to the University of Oklahoma where she served as assistant to the Dean for one year. She worked in New Orleans with the Red Cross and the Family Service.

She and Kenneth were married in 1947 and when they came to live in Bay St. Louis she became interested in many activities. She is President of the Women's Mix-

tionary Society of the First Bap- tist Church and also teaches the Intermediate Girls Sunday School Class. Once or twice a year she represents her church and serves as one of the hostesses at the en- tertainment given for hospitalized veterans in Gulfport. She works hard with the various drives for charitable funds.

Whenever she can, she helps Kenneth with his work. Her in- dividual hobby is her garden but she and Kenneth go fishing up on the Jourdan River occasionally. Having been raised on a cattle farm, she and Kenneth are inter- ested in 4-H activities particu- larly in Playune, Miss., and Frank- linton, La. One of their favor- ite trips is to the annual rodeo in Baton Rouge.

The Moth and The Flame

It was but a poetic observation that prompted poet to write of the "Moth and the Flame," and yet even the philosophers have wondered at th mohtts proverbial passion for fire—how it flits with its singed wings back into the flame.

And men in all walks of life also wonder why mil- lions of intelligent individuals keep on making the same expensive mistakes over and over. No moth was ever more foolish than the person who has been once burned and still flirts with fire.

Unlike the moth, man is endowed with common sense, a rare and priceless gift shared by the fortu- nate few. Someone has wisely said that common sense is most uncommon.

Though common sense may not be an inherited trait the wisdom of the ages is handed down. For some strange reason, however, each succeeding generation thinks it has discovered the magic formula, some short cut to prosperity and suspects the experience of those who have gone before as old-fashioned stuff. And even when we have learned our lesson the hard way we often fly back into the fire like the foolish moth to take another fling at the flame.

The experience of mankind, however, from the very beginning of history tells us frugality is a financial virtue...The records of all races of men tell us a people cannot long survive who fail to live within their means. It is written into the stars hat two- plus-two-equals-four, and when five is subtracted from four all we have left is a deficit.

It's a very simple type of financial philosophy, and yet millions of foolish men squander their substance with no thought of the future. Except for the fav- ored few who strike oil, finnd gold, inherit fortune or are smiled upon by Lady Luck, the only path that leads to prosperity and financial independence is paved with sacrifice, industry, thrift and common sense.

If you are dependent upon your own efforts and re- sourcefulness, with the light of experience to guide you, you will find it much easier going if you live within your income pay your honest debts and put something by for the future.

Blessed are they who are endowed with a rich abun- dance of common sense, who have learned the hard way to fear fire, who are saving money for the day when misfortune comes or when opportunity knocks.

The comparative nakedness of the hind-feet of the Marsh Rabbit is appropriate to the needs of an animal whose hind feet may frequently become wet and which must be dried out and also appropriate for the needs of that animal to do considerable swimming now and then.

The Marsh Rabbit ranges thru the coastal area of the United States from southern Virginia to Alabama with two recognized subspecies being found in Florida. It should not be confused with the larger Swamp Rabbit. While the Cottontail and the Marsh Rabbit may not exceed 3 1/2 pounds in weight, the Swamp Rabbit may reach a weight of 6 pounds. Like the Cottontail, the Swamp Rabbit is pure white under the tail.
